## The Clothing War.

EDITOR GAZETTE: In the Journal of October 24, I find an announcement signed L. Abrahamson, of the White House. This announcement sets forth that other dealers in clothing keep "humbly shops" and offer "unsalable goods" to the public. He also believes that these humbly dealers "lie to deceive the public." I represent, for my part of the humbly dealer, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and not Mr. Abrahamson. The people have worn my goods long enough to know better than Mr. Abrahamson whether they come from a "humbly shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbly shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitey" can ever think of. I shall keep more goods, and a wider stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during the week as they have been proven any time during the past few years.

M. NATHAN, Virginia Street.

## Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Liver Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cure is truly wonderful. Try it. Twenty-five cents a bottle and seventy-five cents for sale by our druggists, OSBORN & SHOEMAKER.

A CARD TO THE PUBLIC.—I do not sell any goods 50 per cent. below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to put themselves on my prices before going to the humbly shops where they are always drumming into the ear that they are selling at cost or below cost. They either bought unsalable goods or they lie to deceive the public; they don't deserve to be patronized. Remember the One Price Store, next door to the postoffice.

FELLOW'S COMPOUND SYRUP OF.

HYPOPHOSPHITES.

THIS DISCOVERY.

Is the result of a series of Scientific Experiments based upon the theory that a successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy.

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend upon them for health or invigoration.

The inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his Compound Syrup of Hypophosphites.

And except in cases of actual organic loss, that it would restore patients suffering from these maladies.

Amongst the diseases overcome by the use of this remedy are the following:—Chronic Constipation, Chronic Dyspepsia, Asthma, Chronic Bronchitis, Consumption, Chronic Diarrhea, Chronic Laryngitis, Melancholy, Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diptheritic Prostration, Hysteria, Hypochondria, Nervous Excitability, Marasmus or Wasting of the System, Loss of Voice, Stiffness of the Liver, Interrupted and Feeble Action of the Heart, Suppurating Testicles caused by menses obstructed of the Lungs and Air Passages leading thereto, and Debility from various causes.

In such cases, Fellow's Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines, and by restoring soon become copious and healthy, without producing the effect of purgative medicines.

Weakness of the joints and muscular laxity of the blood, and in- and weakness may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS' Compound Syrup of Hypophosphites.

The power of arresting diseases displayed by this preparation is honorably acknowledged by the U. S. Army in every section where it is used. It is the best guarantee of the estimation in which it is held by the public.

This Syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.

## A COWARDLY INGHATE.

Mr. Powning should confine his literary labors to street dodgers. In them he seems to be able to express an opinion, something which seems to be impossible when he writes for his journal. The Journal has not dared to speak in behalf of Mr. Powning during the campaign, and the GAZETTE, with a perhaps mistaken desire to heal all breaches in the party, has mercifully refrained from referring to the record of the notorious little flopper and traitor, who, not two years ago, was kicked out of the party for treachery. His one speech was faithfully reported in these columns when his own paper made but the briefest reference to the masterly effort. In return for this mercy and courtesy, which one of his caliber cannot understand, the spiteful little insignificant has vented his small spite against the GAZETTE in every way that lay in his power. His latest attempt to hurt a paper which for over two years has been in such strong contrast to his own cowardly, ring-bought, straddling and stupid journal, was the issue this afternoon of a street dodger. It would be as absurd for a job office to refuse to do work for a political opponent as for a Republican grocer to decline to sell goods to a Democrat. Powning knows this quite well, but trusts that the popular ignorance will associate the job office of the GAZETTE with the GAZETTE itself. His own friends paid for the attack upon H. H. Beck, and Powning knows it. Whether elected or not our contempt for Powning as a man will remain as strong as it has ever been. Nothing but fear or profit will ever lead him to advocate one measure for the benefit of anybody but Powning. If Washoe County is to be so unfortunate as to be represented by Powning in the state senate, the GAZETTE will see that Powning shall be kept in a healthy state of fear, which will restrain his following his natural inclinations. Only regard for the state and congressional ticket has kept the GAZETTE from reiterating the truth about Powning. We endorse him neither as a Republican nor as a representative of the people in any sense.

## EDITORIAL NOTES.

Secretary Sherman, in course of his speech in Harrisburg, Penn., said he was in favor of the largest possible amount of paper money that can be maintained at par with gold and silver coin. The Republicans were true greenbackers, inasmuch as they believed the greenback should be made as good as gold. He recked the greenback in its cradle, and witnessed its growth into a great giant, and had great respect for it. It had increased in value from forty to ninety-nine and three-quarters cents, and on the first of January it would be worth as much as any gold dollar. Since the panic of 1873, and the passage of the resumption act, business had gradually improved. It was to the interest of the laborer, mechanic, farmer and merchant to have the purchasing power of the greenback made equal with that of gold. This country had more paper money than any other in the world, gauged by population. The difference between the Republican party and its opponents was, that the former advocated convertible greenbacks and the latter inconvertible. He thought the masses of the Greenbackers were honest in their views, but they had disregarded the lessons of nature.

There was a prize for the prettiest girl at a ball in Gold City, Montana, and the delicate question was to be decided by a committee. The choice was generally conceded to lie between Miss McGowan and Miss Burt, and, one being a blonde and the other a brunette, the committee was unable to judge of their charms by comparison. The suspense was trying to the tempers of the rival beauties, and they fell to criticizing each other's looks. Then they quarreled. Next they fought. When they were parted, Miss McGowan's face was scratched as though she had been through a bramble bush, and one of Miss Burt's eyes was swollen and nearly shut. That episode relieved the committee of embarrassment, for neither of the two young women was any longer pretty, and the prize was awarded to another.

Dr. Hayden's surveying parties have arrived at Cheyenne preparatory to their

return to Washington to work the data gathered during the past season. The scene of their labors was the Yellowstone National Park and the Wind River mountains. In the latter some glacial formations were discovered, which will form an interesting feature in this year's report. The parties were compelled to abandon the further prosecution of their work in consequence of the heavy fall of snow, which is reported as fifteen inches in depth. The information, however, now in hand will contribute largely to the extension of the knowledge of the geographical and geological features of the country.

Kearney is trying to scare Massachusetts now. The streets of Boston are to run with blood if Butler be not elected. War, gory war, is to be declared if things don't go to suit Dennis. The matter with the little fraud is that he feels his notoriety slipping away from him and he feels that a new sensation is necessary to keep him in the people's mind. Dennis was going to make the gutters of San Francisco gurgles with gore, too; ten thousand men were to rise and lay waste the city if he were arrested. Yet one policeman took Dennis by the collar from the platform and led him through the mob of his admirers to the city prison. No blood was shed and when Dennis was put upon the stand he swore that he hadn't meant anything incendiary at all. Dennis is a wind-bag.

The latest dodge from Paris is sure to be "worked" in this country next year by the perambulating photographers at country fairs. The artist advertises to give away a photograph for nothing if his customer will call within a certain time. The victim calls, is photographed, approves the proof, and in due course is handed a package of photographs with a request for five dollars. When he contends that the artist advertised to give away a photograph for nothing, he is shown that his package containing thirteen cards—one given to him and a dozen for which he has to pay. The customer pays, goes home and votes the green-back ticket.

Miss Owens, who is the principal figure in the Miles case at Salt Lake, is not deserving of so much sympathy as is accorded her. She has been a Mother herself for two years, and was willingly "sealed" to Miles, and even when told that he intended to marry her, she disliked that so much as she did the fact that she was not to be the first one. It was she who occupied the nuptial bed, and her present conduct is better explained by a feeling of jealousy than of any nobler feeling. This is the only conclusion that can be drawn from the reports of the case, and if they be true the girl is an object of sentimental pity not justified by the facts.

Noticing the readiness with which Abby Carleton has baffled the cross-examination of skillful lawyers in the Vanderbilt will case, and recalling the cunning amiability of Mrs. Cooper, the witty audacity of Mrs. Jenks, and the suave astuteness of Mrs. Bishop, the New York World ponders, and comes to the conclusion that woman was intended, not for a help-meet to man, but as a witness.

A dispatch from Brussels states that Phillipart, the well known French and Belgian railway contractor, who was tried for embezzlement and breach of trust and acquitted, has been sentenced to six months' imprisonment for incurring large liabilities knowing his inability to meet them. That's the way to treat big scoundrels.

Her shoes were gracefully ornamented with bunions, which contrasted admirably with a fashionable wart on the off side of her rich nasal implement.

SIERRA CITY, November 4.—On October 31, as A. L. This is the first robbery that has occurred on the road from Downsville to Sierra valley since its construction, seven years ago.

## A Ghoulish Act in Oakland.

OAKLAND, Nov. 4.—About three weeks ago a man committed suicide on Long wharf by shooting himself through the head. An inquest was held and the body consigned to the Potter's Field. The other day three men by the name of Wheaton visited the morgue in this city, and on being shown various articles which had been found on the dead man, recognized them as belonging to their brother. They were granted the right of removing the remains to a decent sepulture, and James Kiernan, who has charge of the burial of the indigent dead, was directed to proceed with them and see to the exhumation and reburial of the remains. He displayed a singular reluctance, and when the rude box was taken out of the grave, refused to open the lid of the coffin.

A workman in the cemetery was then summoned, and the cover removed, when the brothers and other lookers-on were horrified with the sight of a headless body, stripped of its clothing and bearing the marks of the most frightful butchery. A careful investigation of this matter has developed the alarming fact that Kiernan, the employee of the cemetery, to whom the duty of caring for the burial of the unknown dead was intrusted, deliberately severed the head from the body of the unfortunate man, and sold it to Dr. A. S. Hudson, for \$6. The clothing, which was all new, was appropriated and worn by this ghastly despoiler of the dead. After the discovery of the above detailed facts and a full confession by the culprit, steps were immediately taken to recover the head from the physician who had purchased it, resulting in an agreement on his part to take the head, which he had preserved in spirits, and sew it on the body, which proposal was agreed to, and the remains, thus patched up were given decent burial. It does not seem that the fiend has been punished, the brothers seemingly desiring to keep the horrible mutilation of their brother's remains secret.

## A Sea-Wall of Fish.

[Santa Barbara Advertiser, October 29.]

A rare sight was witnessed on the beach yesterday by those that were down there. For several hundred feet the surf was a perfect mass of young fish (anchovies, probably). They extended out about fifty feet from the edge of the surf, and appeared to be guarded by a line of larger fish, among which a turmoil would occasionally occur, as others of a different sort made an attack on the flank of the cloud of small fry. The phenomenon was visible on Sunday afternoon. They seemed to drift down the coast with the tide, and will doubtless return as the tide rises again. Sundry small boys made several attempts to capture some of the fish with nets, but they failed every time. The school was so thick that the waves could not break on the beach.

## THE DANITES AT WORK.

Miss Owens, the Bigamist's Victim, Becomes their Prey.

A special dispatch from Salt Lake, dated the 2d, states that Miss Owens, the victim of Miles, disappeared yesterday about 8 o'clock. She left Marshal Shaugnessy's house and has not been seen since. She had an engagement to meet a lady at the Marshal's at 10 A. M., and when she left said she was going down to Angus M. Cannon's to get some wearing apparel for Sunday, but would be back in time to fill her engagement. She went away in a business like manner, leaving her finger rings and jewelry in her room, and when she delayed beyond the hour no particular uneasiness was felt on that account. At noon two ladies called on her at the Marshal's, and learning that she had gone to Cannon's early in the morning and had not returned, they took the liberty of going to the house of the President of this State of Zion, and making inquiry about her. They were there told that she had already returned to the house of the Marshal's whereupon they went back, thinking they had missed her on the way, but on reaching the temporary home of the young lady they found they had been misled by the sainted inmates of Cannon's harem.

Last evening Marshal Shaugnessy went to the domicile of Angus and made further inquiry about her. They told him that Miss Owens had taken the 4 o'clock train for American Fork, a town about thirty-five miles south of this city. Considerable excitement existed on the street to-night, as it was believed Miss Owens had been kidnapped and carried away to prevent her appearing before the grand jury.

## The Political Situation.

The following dispatch to the San Francisco Post reviews the situation concisely:

VIRGINIA, Nov. 4th.—Politics are at fever heat. Senator Shanton and other prominent Democrats arrived this morning. The candidates are nearly all here. Within the past two or three days both sides exhibit a great increase of vigor, especially the Republicans. The eastern part of the state, Mr. Deal, Democratic candidate for congress, claims by an increased majority. This is considered to be exaggerated. Mr. Deal being new to such a canvass. Careful experts on the Republican side claim an increase in their vote in that section, especially for governor, Mr. Kinkead, the Republican nominee being personally strong. It is feared that Mr. Daggett, for congress, may be hurt some by Mr. Wren's dissatisfied friends. This Daggett himself does not fear. Storey county is regarded as certain for congress, legislature, governor and the state ticket in general. Some unjust prejudice against Henry R. Mighels, of the Carson Appeal, running for lieutenant governor, on account of old editorial articles on the Chinese question. His speeches here have helped to cure this. Senator Jones' great speech at Carson, on Saturday evening, has aroused enthusiasm. It subordinated all over the state. To sure, the Republicans are considered eight to twelve majority on joint ballot. For congressmen it is considered an even chance. Mr. Kinkead will probably be elected governor by a small majority. On the whole, a Republican victory may be reasonably expected.

## An Unlucky Man.

Bad luck seems to follow Richard Richards, of Stanislaus. A few months ago his threshing engine exploded near Grayson, killing two men and demolishing the outfit. He met with a heavy pecuniary loss by the accident and had a miraculous escape with his own life. On Wednesday last, in company with a Mr. Cowell, he was driving his two-horse team and carriage down the bank of the river at Durham's ferry, intending to cross to the San Joaquin county side, when, by some mischance, he missed the boat and drove into the river. The water at that point was deep and the team sank out of sight and were drowned. Richard and Cowell fortunately caught hold of a rope thrown them from the ferry boat and were drawn from the water.

## A Novel Idea.

That is a clever device reported from the west of a hotel-keeper who could find no painter in town to place the numbers on the rooms, and who accordingly distinguished them by pasting a pack of cards on the several doors. He could of course pay no more delicate compliment to a lady than to label her "Queen of Hearts," nor better tickle the pride of a wealthy patron than to dub him "King of Diamonds." Then, too, the supercilious night clerk could send any person he did not like to the "deuce," and of course the rooms occupied by the table servants would be marked by "trays."

## Women Voting.

Seattle Nov. 4 th.—Woman suffrage was inaugurated here Saturday at the election held for school director and school clerk, wherein the only necessary qualification was being a resident taxpayer. Sixteen ladies cast their maiden votes. O. C. Shorey was elected director and Edgar Bryar clerk.

DIED.

**SHEETS.**—In Reno, November 4th, Mrs. H. C. Sheets, wife of Dr. H. C. Sheets, aged 31 years and 7 months.

(The funeral will take place from the Congregational church, ( Episcopal service) tomorrow, (Wednesday) at 2 o'clock P. M.)

NOTINGS.

—The banks closed at noon to-day.

—The county commissioners will meet again on the 15th.

—It snowed pretty heavily on the mountains last night and at times during the day.

—A patriot to-day on Virginia street said that in his estimation a certain speech-making candidate was a "three card monte-bank."

—The boys were whooping it last night. The hilarious shouts of the drunk-captured voter rang through the streets until daylight.

—How much shorter will the independent voter feel for a few days now than he has been accustomed to consider himself during the past six weeks?

—The devil has been tremendously busy to-day. On the close estimate there have been two feet of perpendicular lies to the square inch of Reno piled up since sunrise.

—The attention of epicures is called to the advertisement of W. R. Chamberlain, of the Depot hotel, who has just received a lot of Booth's Baltimore fresh oysters from the East.

—Richard Robertson who shot H. W. Barlow a few days since, was liberated upon giving bonds in the sum of \$750. Hugh McCafferty, charged with assaulting J. J. Anshitz with intent to kill, gave bonds in the sum of \$250.

—Judge Keiser, the gentleman who sends the Truckee to jail when he behaves a little worse than usual, and whose popularity has given him a life hold on the office of justice of the peace, is in Reno to-day, looking as cheerful as a judge possibly can. Look out for him.

Accident to Capitalists.

Two Comstock capitalists, Tom Watts and Dick Hicks, came down by private conveyance last night to unload their goods at the depot.

Commercial Row the wheel of their carriage went into the ditch dug for the reception of the game-mains. Mr. Hicks was thrown out and the skin was peeled from his nose. Mr. Watts retained his seat and the control of the spirited horses. Mr. Hicks in his tumble lost a 200 share certificate of the Nevada Nevada No. 8037. Negotiation has been stopped. The finder will be liberally rewarded by forwarding the certificate to the Enterprise office.

Coming to Nevada.

Two or more surgeons from the National Surgical Institute will be at the Arlington house, Carson city, Nevada, Monday and Tuesday, Nov. 12, 1878, where they can be consulted by the afflicted. This institute has won an unequalled reputation throughout the United States for the treatment of deformities, such as crooked limbs, club feet, diseases of the hip and ankle, spinal curvature, paralysis, piles and fistula. This is a rare opportunity to be cured. Consultation free.

**He Wanted to Express His Ideas.**

"Lead me your ticket, will you?" asked a quiet man of a voter who was rushing to the poll.

"What'd ye want it for?" he asked, seeing a convert in prospect.

"Well I've got a few ideas I'd like to express; that's all, and he took out his pencil.

Then the voter got mad and said the man that didn't think he knew how to do his own scratching was a plant of the festering monopoly and soaked to the soul with bonanza corruption.

**Spiritualism.**

Mrs. P. W. Stephens will lecture at the Opera House, on Wednesday evening, November 6th., at half-past seven, on the Origin of the Christian Religion; and Who are the False Prophets. All are invited. Seats free.

THE ELECTION.

A Lively Day and a Rain of Circulars.

The election has been progressing with spirit ever since the opening of the polls at eight o'clock this morning. The fact of there being three county tickets in the field has made the fight particularly lively. The candidates in themselves make a young army and as each, from state senator down to the coroner, has his loyal and enthusiastic "partisans," the buzzing and button-holing a nd trading off has been something fearful to see. Virginia street and Commercial Row down to the poll has been crowded all day with men engaged in the patriotic work of peddling tickets.

The front doors of the saloons have been all closed in compliance with the law, and most business houses have been kept open as a mere matter of form. In spite of the law, there seems to have been no great difficulty in getting whisky, for as the day grew, many men under the "controlling influence" were to be observed. The thrifty demijohn filled overnight by the thoughtful candidate, no doubt was responsible for these staggering facts. The day has been a remarkably peaceful one, and although the usual amount of loud talking has been heard, no fights of any consequence occurred as the result of all the "work" and voting nothing of value can be said at this hour. There has been a tremendous deal of scratching and a pleasant spirit of confidence seems to animate all sides. The principal fight, or at least the noisiest one, has been between the candidates for the office of sheriff. The partisans of Lamb, Walker and Alt have been struggling tooth and nail for supremacy. The fight for state senator has been warm, and the general belief is that the vote will be a close one. The Republican state ticket is reported to be all right, while on the other hand the adherents of Bradley look confident, although they admit that very few Republicans have done any scratching on Kinkead. Reports from time to time were received from outlying precincts, which were passed from mouth to mouth, but as they were so contradictory they are not worth printing. The usual number of roorbacks have been sprung and vehemently contradicted. The coldness of the day, the wind blowing down keenly from the snowy Sierra, has not served to cool in the least the imagination of the election-day liar.

About 8 o'clock a circular was distributed by Mr. Powning's friends attacking H. H. Beck, accusing him of dishonesty, a crooked record and all sorts of political corruption, and calling upon everybody to vote for Powning. Mr. Beck, with the pamphlet in his hand, mounted a barrel and spoke to the crowd, ridiculing the attempts of his enemies to cast any reflections upon his record. The circular was printed in the GAZETTE job office on the order of Mr. Powning's friends. It was then attempted to spread the report that Beck had caused the pamphlet to be printed and more circulars were at once flying around. Powning for once daring in a street dodger to vent his spite against the GAZETTE which had treated him with undeserved kindness during the campaign. At 4 o'clock there were 553 votes cast. It is not probable that more than 750 votes will be cast.

Death of Mrs. Sheets.

The many friends of Dr. H. C. Sheets will be pained to learn of the death of his wife which occurred last evening. The poor lady gave birth to her first child about two weeks ago and suffered a relapse which ended in death. This and event will cause widespread grief, for Mrs. Sheets was endeared to all who knew her. The bereaved husband has the sympathy of the community for his great loss.

Notice.

Members of Reno Lodge No. 19, I. O. O. F., are respectfully requested to meet at their hall to-morrow (Wednesday) afternoon at 1 o'clock, for the purpose of attending the funeral of the late wife of brother H. C. Sheets. Members of the order are invited to attend.

Jno. B. Williams, N. G.

Reno, Nov. 5th, 1878.

AN ELECTION LAY.

How doth the little busy life  
Improve the voting hour!  
It tickleth the naughty man—  
But how the righteous scour!  
Oh, do not tell the wicked fib  
To catch the doubtful vote;  
Upon such sinful practices  
Hov doth the devil gloat!

Scratch well thy ticket, voting man,  
And keep it out of sight;  
Incline thine ear to no roorbacks—  
Vote as thou deemest right.  
And when the polls are closed to-night,  
No fears thy soul need fret;  
Gird up thy loins in righteousness—

Last Night's Meeting.

There was a rousing meeting at the Opera House last night. Hon. C. S. Varian made a rattling speech, giving his unprincipled enemies a scathing going over. C. C. Powning, Jack Foulks and Dr. Hutchings also spoke. The audience was large and enthusiastic.

## REPUBLICAN PLATFORM.

ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we reaffirm the principles of, and renew our allegiance to, the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and every qualified elector in every State—in every State, South and North, Democrat or Republican, black or white—shall be permitted, undisturbed by force and unawed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted; and that every person chosen by such votes, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands secretly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of solid pacification, it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to claim hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control. Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler hold their seats is revolutionary and dangerous to the extreme, and characteristic of the undercurrent motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameful disregard of our avowed principles, the Democratic party of this State is in the most unbecoming manner to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we will with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money kings of Europe and America, and we ask Congress to complete the measure of redemption by according to silver unrestricted coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be no retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time leaving due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; it demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of

# POLITICAL.

said States; that the principal and practice are fraught with danger to our Republican reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any money raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our admirable system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes in the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends; these are our duties, and these the intentions we do most earnestly maintain and avow.

E. B. HARRIS, Chairman,  
ALF. DODGE, Secretary,  
Of the Republican State Central Committee.

## REPUBLICAN

## COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Elko Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case require. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidate for office are binding

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while well paid and prosperous labor gives comfort to all. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatsoever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

## DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of as much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; subordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of R. B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes; but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

# POLITICAL.

Supreme Court of the United States, State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will oppress honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county, and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporations, it is demanded that their property shall contribute to the support of government, the same as other property. Unfolding opposition to any further exemption of the set proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of money in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and on the faith of which he was elected; and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens; views with alarm the efforts of the great foreign corporations to control the political contents in Nevada, and urges the people of this State by their votes and the polls in the approaching election, so signally to rebuke and trample upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions and "Mechanics' Unions," and other associations, for the purpose of protection against Chinese pauper labor. Under a wise and frugal government, which it is the mission of the Democracy to maintain and perpetuate, any resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and unwarranted.

9th. By legislators fostering and favoring the great moneyed corporations, such as national banks, railroad, steamship, telegraphic and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the telling millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

10th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

11th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.

THE THIRD GUBERNATORIAL TERM.

The Democracy declare that honesty, capacity, devotion to the truest principles of Government and the faithful observance of pledges, constitute of themselves the highest title to its rewarded confidence, and further there is no resemblance between the case of the Governor of a State, with little patronage, and with powers limited by the strict provisions of the constitution, and that of a President of the United States, by virtue of his office, Commander-in-Chief of the army and navy and the head of one hundred thousand office-holders, striving to perpetuate a personal and arbitrary rule by the unscrupulous use of all means his command. The career of the late President of the United States furnishes the most complete proof of the danger of a third Presidential term, which we warn against and seek to avoid in the future; that of the present Governor of Nevada presents the strongest evidence of the wisdom of our action in discarding, in its application to State affairs, a doctrine long repudiated by the Republican party, and now flouted by it for the present occasion.

Finally, the Democratic party of Nevada, by its convention assembled at Elko, L. E. Bradley preventing, by his veto, an unjust modification of the revenue laws now in force taxing the proceeds of the mines, showing himself by his earlier vindication of the people's rights worthy of the full confidence of the good and true men of all parties of this State.
